

Jason Snyder Professional Credentials

Principal Shareholder of Effective Technical Applications, Inc.

Graduate of Lafayette College with a Bachelor of Science degree in Civil Engineer and minor in Environmental Science.

Professional Engineer, licensed in the Commonwealth of Pennsylvania (#55029E), as well as, several other states.

Published in Civil Engineering Magazine and American Public Works Association Reporter.

Formerly, the Chief Engineer/ Principal Engineer of a large heavy/highway division responsible for in excess of **\$250 million** in road improvement projects in four states since 2010.

Currently appointed as municipal engineer and/or construction engineer to numerous municipalities throughout Pennsylvania, some for 20 years or more.

Currently serves as a technical expert and instructor to the Commonwealth of Pennsylvania's Local Technical Assistance Program, through PennDOT.

He has received numerous awards over his career, including an award from the Governor of Pennsylvania, PennDOT, and others, but most notably due to his work with roadway reconstruction, he was honored as a "Fellow" by the American Society of Civil Engineers as having made a "significant contribution" to the field of Civil Engineering and by the American Public Works Association as Professional Manager of the Year for the United States.
